

# MISSOURI DISTRICT WORK AND WITNESS TEAM

After much prayer and investigation, we are planning a Work and Witness trip to San Jose, Costa Rica, January 6 to 17, 2017. We were asked to go and help replace a roof for one of their dormitories. The trip will be a relatively “easy” one, and one that will be relatively inexpensive. The cost (all-inclusive) should be \$1,300, and that really should include all costs--including building materials.

Attached is an application. If you are interested, please fill it out and return it to Ted Bruce at the address below. I will ask that each member of the team make a deposit of \$300 by the end of June. Yes, I know there never really is a good time to ask for money, but we will need to send in money for the project.

In addition to the building project, the missionaries have plans for us to be actively involved in evangelism in the local churches, and there will also be some sight seeing at the end of the trip. There is an active volcano to visit, or a rainforest
